Having Fun

You ask me for an explanation baby,
You want to know what I did what I done
Do tell to you it's all just groovy
Well bye - - - - - Having Fun

You're prying into lots of little corners
Trying hard to get me on the run
Wondering what I do down with all them prying
Well bye - - - - - Having Fun

I wish I had a picture of them eyebrows
And sweet sarcastic voice that lifts & sings
By the tone & stance seems you'd like to
To burn down my house
For - - - - - Having Fun

So shut ~~your~~ ^{My} mouth and get your ass here by me
And let us not deny each other here
If you want to know what I'm good for - try me
For - - - - - Having Fun
