Oh Jolene!

Back in high school was a wild girl
So called by us kids
She was sexy, good natured
Smart and she was Rich

She'd drive by in her car
I'd wave
Would she wave back?
Sure she would

and I sure liked Jolene
Sure liked Jolene (suburban Queen)
Oh Jolene! Oh Jolene!

No Ambition No Religion
No Worries So it seemed
When people say Got it made
It's her They mean

Sometimes we'd talk I'd look at her
Did she know it would change - sure she did

Sure I liked Jolene + her brand of suffering
Oh Jolene! Oh Jolene!
