Oh Baby ooh

My honey is a hot fat
I have lost her ~~up~~ she's all I got
Oh Baby ooh
I want to be a potentot too.

Once she took me to the corner store
Bought me a corner that I still adore
oh Baby ooh
I'd love to cut corners with you

In the morning, light comin' through the window
about a quarter till 8
I'd just about die from what we'd get into
~~see~~ she sure was great to bend to

My lover is a potentate
she commands and what was lump is straight
oh Baby ooh
I want to be a potentate too

> Instrumental

she's exactly where she is at
Scars that twinkle, eyes so fat
oh Baby ooh
I want to be where you're at too
