Make me make me wanna go home

" " " " " " " "

This vacation is so overdue

I'm so happy to be lazy with you

Make me make me wanna go home

Take me drag me out to the car

Pack me Smack me Tell me what for

I'll hang on to the toaster

I'll go limp like a protester

False me shake me out of this yard

Stake me rake me - Hell hang on hard

This whole scene is so mellow

and <sup>hits</sup> layed back like jello

and you and no army cant burst

gonna get me  
off my fat ass.

1st verse

This whole trip is so groovy

you would be able to move me
