

# ALL IS ONE

G D F Am

Got no trouble with what I read

~~On a lost but walk in~~ (B)

Faded on a wall hidden in the Haught (Em Am)

all is one - is what it said (B)

Used to get ~~spit~~ decade ago

When I'd see the word love on a wall <sup>written</sup>

But all is one - makes some sense <sup>you know</sup>

all is one all is one

Nice to say <sup>Em</sup> bring to hear (B)

all is one all is one

Still I do not disappear (B)

Don't gotta be a <sup>spirit</sup> to get a feel

Borders of most kinds not so real

all is one - has an appeal

We all get flashes now & then

Happens to Presidents & Mother Hers

all is one is downright common

all is one - all is one

You can even see some

all is one - all is one

Well son of a gun - I swan hon

But when you get a bite of the heart (B) (D) (G) (Em)

Buddy you'll be torn apart (G) (Em)

All you'll remember is being on your knees (B) (Em)

Saying that's not me - that's not me (B)

on the one in all will be on the left (Em)

and the death star on the right (G) (Em)

and our trivial gains become worthless trite

and once again be afraid of the night

all is one - all is one " " " "

it was too <sup>great</sup> good and good to be true and sounds too true

all is one - all is one

So God's Don't let it strike to you

all is one - all is one - what clever obstacles we create " - the Wolf with a Sheep's - guard the gate
