

Down By the Zendo

Down by the Zendo

I seen my babe walk in
spelled through the window
die you tryin to give up man

She said no that don't apply
But we're not only gals but guys
Down by the Zendo

Ch. { " " " " " " " "

I seen my babe walk in

Hair was up

Like some old schoolmaw

Chin was down

What a trip your on

She said I don't say it's right

But no need to be uptights

(Chorus)

She took me in her kitchen

Set me on the floor

I stopped my bitchin

When I heard her lioness roar.

Just the way she looked me through

Without condescension too

Left me with no complaints

I don't know what it is or it ain't

(Ch.)
