

It's Time Babe

Do, Wa litty you're so witty
an' it's time babe
We rolled over in our land rover
~~lost~~ lost our piece of nump, babe
Time for us to find oh, c
What we had in mind
Hey likee likee let's go mighty
Cause it's time babe it's time

Don't think once what we had a bunch
We won't move so fast,
Don't we know that it can't last

Let's not try too hard no
Nothin' is smaller that much
Let's not try too hard!

Don't think of me & won't think of you
Many days oh well be going through
Don't think of me and I won't think of you.
(1st verse)
