

I never get tired of you

Oh, Well you know I get bad feelings too
~~But I never get tired of you~~ But I never get tired of you

last → But by kindness and change
The feeling's again
That I never get tired of you

Aint on no roller coaster riding up in down the world
Tryin' to make the time with another friend

Aint on no trip of dragon round my socks

Tryin' to make a crack heat each rock

~~Aint about to run about in falling up with juice~~

~~Or pretend it's happenin' when we hang loose~~

Aint about to tell you that I don't get bored

Tryin' to spend the good Karma I thought we'd find

Aint lyin' bout a thing although you know

Never satisfied anywhere I go
