

Don't Cry - New Orleans 25 Fall 1964

D1 D7 G D
Don't cry - for the seas of sorrow
and run as you may
From the night to the day
Still the seas of sorrow
Never gonna dry

Do what you will
if you cannot get your fill
- yes the river of trouble
always goes by

For the rains of misery
come from endless day
Weep your poor tears
all the days of your years
Still the ~~rains~~ rains of misery
come from endless day
