

# Stupid Boys

I saw her coming through the eye  
Mother of God on a foggy day  
Stupid Boys it's worse than lies  
What I hear, what you say  
you'd say anything, anything, anything at all  
you say you love me but you don't know ~~what~~  
Stupid Boys How you feel

Ch I { Come on over to my house tonight  
" " " " Let's talk it over - Stupid Boys  
You'd do anything, anything, anything at all  
you say you're my friend but you're fighting again  
Stupid Boys  
So you want to rule the world

Take it away - it's yours - Stupid Boys  
Do you want to be vilified, do you want to be monster's  
What ~~are you~~ gonna do? Is it hopeless?

You're so ridiculous, oblivious  
with your insidious joys  
you say you're right like you've had a stroke  
Stupid Boys
