On the Day They Come to Carry Me Away

A G Bm
Oh what a time we've been waiting for
Baby say what you've got to say
The halls are a falling
Everyone's calling
On the day they come to carry me away
" " " " " " " "
to carry me away

D7 G7
Jesus was called by his first name
Everyone respected him just the same
But after he's gone past
Everyone he called me by my last

Man what a day we've been combining
Lazerous drag your ball 'n chain
Roll me one under
Bring out the thunder
On the day they come (3 times)
TO carry me away

Oh Pretty Mary don't you weep don't you mourn
When the flowers died your cheeks they get all worn
Everyone's shakey on the day of death
We just miss, we just miss the part that's left

How many minutes been passed by
Though ourselves in works 'n play
Quite beyond counting
Tension is mounting
At the rise 'n fall (3 times) of the U.S.A.

Lord Have Mercy On New Jersey
On the day they come to carry me
away.
