

①

There ain't no hope for us to see
 In these ~~dog~~ shadows of the dark wood
 I'd like to lead you to a meadow
 It's worse than wasting time
 The blind can't lead the blind
 I see that it can't do you any good.

②

Do you feel the bruises of our stumbling
 Do you feel mine do I feel yours
 Wash our feet in the confusion
~~Drop them in the air~~ The nurse says I'll pull them
 There isn't any blame you just got all unghed
 Still I feel ashamed ^{here} in the hospital bed
 To have so long listened to the curse

③

Out on the ocean sand
 I heard the shout of the drownin' man
 The next day on my knees
 I cried to the police
 They said learn to swim
 Before you rescue him
 But still ^{be doin'} do what you can
 Never ^{listened to} what she ^{said}
 Said

Feel ~~my~~ ^{so} ~~at~~ ^{face}
 I'd forgotten to ^{keep my} ~~place~~

love is
 begin alone
 without a ~~club~~
 Never ^{listened to} what she ^{said}
 Said
