~~See baby~~

~~hand where~~
 (X) babe sitting in chalked
 hears his feet in pattern

~~my~~
 My babe takes care of her babe

Pull the sleepin bag over
 Relax for a while
 I'll check my notebook
 Look out the window
 listen to the birds
 and what they're gettin into
 The afternoon's free
 No one to meet
 But some friend on the street
 Pull the sleepin bag over
 I'll dream while you sleep

The rams and the sheep woked it out
 By button their heads on the tree
~~in coffee shop~~
 But ~~you~~ were growin together
 Without knowin weather
 It's you or its mine
 Don't pay me any mind
 Let's play deaf dumb and blind
~~like~~ ~~the~~ ~~moons~~ ~~daughter~~
 Pull the sleepin bag over
 I'll keep you company
